

**NOSTRUM-DSS & INECO JOINT EVENT
“IWRM through coordination,
dissemination, and exploitation
of research outcomes”**

*25th October 2007
Larnaca, Cyprus*

Main themes of the open meeting

- discussion of:
 - problems related to coordination, dissemination and exploitation of EU-research outcomes related to IWRM in the Mediterranean Region
 - criteria for improved effectiveness of current and future research

Main objectives

- To provide an opportunity for exchanging experiences between:
 - Representatives of EU funded projects in the field of IWRM
 - Potential end users of research outcomes
 - Donors
- ...in the Mediterranean Region

Expected outcomes

- Concrete ideas about how to coordinate activities of different projects, in order to reach a critical mass of products to be delivered to potential end-users;
- Proposals for combining the activities of projects with different timing with the aim of supporting the maintenance of a common stream of actions;
- Plans to expand the collaboration outside the range of projects that will be represented in Cyprus;
- Proposals for improving the effectiveness of future EU-funded research.
